

PRIYA NAIR

FULL STACK JAVASCRIPT DEVELOPER

Bangalore, India • priya.nair@example.com • +91 91234 56789 • linkedin.com/in/priyanair • github.com/priyanair

PROFESSIONAL SUMMARY

Motivated and solutions-oriented Software Developer with strong proficiency in React.js, Node.js, Express, and PostgreSQL. Experienced in architecting robust RESTful APIs, integrating standard OAuth flows, and engineering responsive single-page web applications. Passionate about maximizing frontend performance, designing efficient database systems, and collaborating within agile development lifecycles.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, SQL, HTML5, CSS3

Databases & Cloud: PostgreSQL, MongoDB, Prisma ORM, Redis, AWS S3

Frameworks: React.js, Next.js, Node.js, Express.js, Tailwind CSS

Tools & Practices: Git, Docker, Postman, Jest, CI/CD GitHub Actions

KEY PROJECTS

CloudNotes – Real-time Note Collaboration

React • Node.js • Socket.io • MongoDB • Docker

- Engineered a collaborative markdown workspace supporting real-time multi-user synchronization with latency under 50ms.
- Implemented secured web routing by integrating role-based access control (RBAC) and OAuth2 protocols via Google and GitHub.
- Containerized microservices using Docker and successfully orchestrated deployments on AWS EC2 instances.

DevPulse – Developer Community Forum

Next.js • TypeScript • PostgreSQL • Prisma • Tailwind CSS

- Architected and optimized a discussion forum engine supporting complex nested comments, vote scoring, and dynamic search indexing.
- Designed normalized relational schemas and optimized queries in PostgreSQL utilizing Prisma ORM.
- Achieved excellent page loading performance resulting in a Google Lighthouse score of 98+ on desktop and mobile platforms.

FinTrack – Personal Budgeting & Analytics Dashboard

React • Express.js • Chart.js • JWT • MongoDB

- Developed a visually engaging finance dashboard parsing transactions and displaying monthly spending trends using Chart.js.
- Built clean endpoints to enable secure automated CSV spreadsheet data exports and threshold limit alerts via background jobs

EDUCATION

B.Tech in Information Technology

2021 – 2025

National Institute of Technology, Karnataka

CGPA: 8.4 / 10

CERTIFICATIONS

- AWS Certified Cloud Practitioner – Amazon Web Services
- Meta Frontend Developer Professional Certificate – Meta • Coursera
